

Evolving HR Strategies

Where are companies focusing?

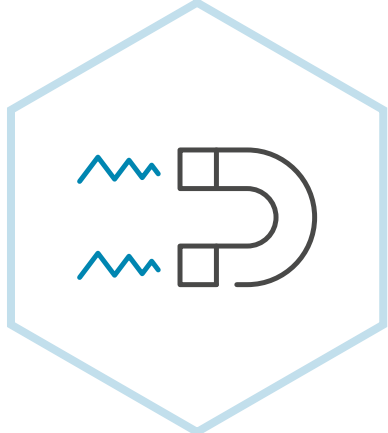

AON

Over the past few months

**companies have
increased their focus in key
areas to reshape their
workforce for the future.**

Attraction and Retention

Sourcing and retaining talent with future skills will secure a company's competitive advantage. Closing the future skills gap needs robust and fair selection and development programs.

% of respondents who indicated attraction and retention is a current priority

Workforce Wellbeing

Aon's five wellness dimensions (physical, emotional, social, financial and professional) provide a framework for tangible wellbeing measures.

% of respondents who are implementing workforce wellbeing initiatives

Remote Working

Understanding the best mix of home, hybrid and office working is allowing companies to unleash the potential of their people.

% of respondents who are implementing remote working models

Diversity, Equity & Inclusion

Improving DE&I, linking to specific metrics and ensuring accountability is a key focus for the workforce of the future.

% of respondents who are implementing/improving DE&I initiatives
